

PIV Card Application Interface Validation Certificate

Certificate No. 11

The National Institute of Standards and Technology, Personal Identity Verification Program (NPIVP) Validation Authority; hereby validates the PIV Card Applications identified as:

TecSec PIV Applet version 1.01 JCT (Contact) on TecSec PIV Eagle Card – Contact and TecSec PIV Applet version 1.0 JCL (Contactless) on TecSec PIV Eagle Card – Contactless

in accordance with the Derived Test Requirements (DTR) and Test Assertions (TA) as specified in NIST Special Publication (SP) 800-85A *PIV Card Application and Middleware Interface Test Guidelines (SP 800-73-1 Compliance)*.

These card applications have been validated to be conformant to the PIV card command interface specifications in Chapter 7 of NIST SP 800-73-1 based upon the test evidence submitted to the NPIVP.

The card applications hereby shall be labeled as "*NIST Special Publication 800-73-1 End-Point Specification CompliantTM*" so long as the products, throughout their life cycles continue to be used as validated versions as specified in this certificate. The PIV Card Applications can be re-labeled as "*FIPS 201 Interface Conformant PIV Card ApplicationTM*" and/or "*FIPS 201 CompliantTM*" if their associated cryptographic modules are validated for FIPS 140-2 standard conformance and the accompanying FIPS 140-2 validation certificates references this certificate. No reliability test has been performed and no warranty of the products by NIST is either expressed or implied. This certificate does not imply that the PIV smart card platform meets all requirements in FIPS 201.

Signature: *William C. Barker*
Dated: *December 21, 2007*

William C. Barker,
Chief, Computer Security Division
National Institute of Standards and Technology

Vendor information, product information and laboratory information are listed on the reverse side of the certificate

PIV Card Application Interface Validation Certificate

Certificate No. 11

Vendor Information

Name: TecSec, Inc. Atmel, CPI Card Group, and Athena Smartcard

Web Site: <http://www.tecsec.com>

Product Information

Product Name: TecSec PIV Applet version 1.01 JCT (Contact) on TecSec PIV Eagle Card – Contact and
TecSec PIV Applet version 1.0 JCL (Contactless) on TecSec PIV Eagle Card – Contactless

Test Laboratory Information

Name: InfoGard Laboratories, Inc.

NVLAP Laboratory Code: 100432-0

Test Report: TecSec PIV Eagle Card (Applet version 1.01 JCT (contact) and TecSec PIV Applet version 1.0 JCL (contactless) on dual chip card) by TecSec, Atmel, CPI Card Group, and Athena Smartcard FIPS 201 PIV Card Application Test Report version 1.1, dated 12/20/2007 (07-1244-R-0037)

Test Toolkit version: 2.9.8-b45
